WHO ARE WE?

Youth for Equality is an organization, founded in Slovakia in 2016 as a local youth initiative with the aim to realise positive changes and develop activities on local and international level in the field of education, human rights and ecology for the current requirements of the Labour market

Since its establishment, the organization has become a pool of young professionals who provide guidance and organize teaching activities in order to provide youngsters with soft skills, knowledge about different educational and career opportunities at local, national and international level.

Youth for Equality carries out a program to acquire soft skills through non-formal learning such as discussions, debates, group work, brainstorming. From the topics of internal motivation and creativity, we go through leadership, teamwork, communication, marketing, work and educational opportunities, all the way to the creation of a business plan. During these workshops we implement new trends in the labour market.

The key persons of our organization are:

Diana Jašeková - president of the Youth for Equality organization. She has a doctor degree of Law and knowledge of International and European Law, her researches are focused on Criminal Law, Criminology and Youth delinquency. She has gained international certificates of project management. She has been working in three NGOs as a volunteer. She was involved in environmental projects where she led international volunteers and collaborated with municipalities on environmental topics. She is a youth worker, facilitator of our youth projects, mobilities of youth workers, as well as of projects organized.

Hakan Oguz is a project manager experienced in Erasmus+ and ESC programs. He has experience with managing international programs, volunteering, and mentoring. He has gained experience in writing, managing, and implementing projects including planning, monitoring, and supervising all project-related activities.

DESCRIPTION

"Tomorrow's YouthTech" goes beyond what is possible with technology. It's about making youth workers more influential in their fields and turning them into agents of digital development. By combining collective learning, skill development, and knowledge sharing, the initiative hopes to create a relationship in which skilled youth workers connect young people to the endless and always-changing world of digital possibilities. This will make sure that young people are ready to use digital tools for learning, innovation, and personal growth in the future.

PROJECT OBJECTIVES

- To give youth workers better digital skills and knowledge so they can confidently use digital tools in their youth work. In this case, Youth workers' digital skills to effectively mentor and guide young individuals in developing their digital competencies.
- To use digital tools in their interactions with young people in a way that doesn't feel awkward. This will improve engagement, communication, and learning. Digital skills assessments among young people in partner countries to tailor interventions effectively.
- To teach and guide young people on how to act responsibly online, making sure that they are safe and private, and act in an ethical way. Young people on internet safety and security, guided by youth workers to ensure responsible online behavior.
- To be able to inspire and guide young people to use technology in a positive way for their own growth and future success. Young people with relevant digital skills, enabling them to confidently navigate the digital landscape. technology integration in education, aiming to enhance teaching methods and prepare youth for a technology-driven future.

TIMETABLE

ACTIVITY PROGRAM

Understanding Digital Literacy	Learn the basics of digital literacy and how important it is in the modern world through a mix of presentations, group discussions, and case studies in this interactive workshop.
Digital Tools Overview	Learn together in small groups, with the goal of getting to know basic digital tools and software through hands-on practice, live demonstrations, and a Q&A session.
Digital Communication Skills	Learn and practice effective digital communication skills that are important for working with young people
Internet Safety and Ethics	Learn more about how to stay safe and act ethically online and have the skills and knowledge to navigate the digital world in a responsible and ethical way.
Enhancing Digital Competencies	Learn more about advanced digital tools through hands-on workshops, in-depth tutorials, and problem-solving sessions and knowledgeable at using advanced digital tools
Digital Storytelling	How to use digital storytelling to get young people interested.
Gamification and Learning	Learn about gamification strategies that can be used to teach young people
Project-Based Learning	Introduction to the methodologies of project-based learning through a variety of different channels, including things like collaborative group projects, brainstorming activities, and project planning sessions.
Empowering Youth Through Technology	Look at different ways to get young people involved in tech-related projects.
Digital Mentorship	Mentoring techniques, particularly making use of technology, which is the primary focus of the workshop.
Online Safety Workshop for Youth	Information they need to effectively teach young people about staying safe while using the internet.
Designing Digital Skills Programs	Contribute to the improvement of digital literacy and proficiency by taking part in program design exercises, delving into the process of curriculum development, and taking part in sessions in which peer review will be conducted.
Digital Citizenship	How to be good digital citizens through interactive scenarios, thought-provoking group discussions, and powerful awareness campaigns
Digital Skills Assessment	Learn methodologies for assessing digital skills effectively.
Preparation Toolkit	"Preparation Toolkit" workshop, participants, primarily youth workers, will go through a series of interactive sessions, practical exercises, and discussions.

PARTNER COUNTRIES

PROFILE OF PARTICIPANTS

The main target group of the project are youth workers and young leaders from the 7 partner countries. Specifically, the project is designed for 4 youth workers from each partner country and 2 trainers, for a total of 30 participants. Participants will be aged 18+.

HOW TO GET TO TRNAVA?

Here are some useful tips on how to get to Trnava.

Green Travel: You should prefer green travel with bus, train, or car sharing.

From Vienna airport: The best connection from there is a direct bus from the airport to Bratislava bus station (no need to get to Vienna center). Please buy your ticket online with one of these companies: www.slovaklines.sk, www.regiojet.sk, and www.global.flixbus.com.

From Budapest to Bratislava: There are buses and trains from Budapest to Bratislava. You will easily find the connection with bus companies www.slovaklines.sk, www.regiojet.sk, www.global.flixbus.com, but I suggest trains <https://www.zssk.sk/en/>. It is up to you.

From Bratislava to Trnava: Getting from Bratislava to Trnava is easy by bus or train - the website to check the connection is www.cp.sk (BUS - ticket to buy from the bus driver, TRAIN - ticket to buy is in the window in the station or <https://www.zssk.sk/en/>).

FLIGHT OPTIONS

You can search for the flights to Bratislava, Vienna , Budapest or Prague. We recommend www.skyscanner.net

If you arrive to Bratislava, you can check connections to Trnava on www.cp.sk (bus/train, 30 - 60minutes, price around 5 eur).

If you arrive to Vienna Schwechat airport, you will take a direct bus to Bratislava (duration 1 hour, price 5 eur, companies Regiojet, Slovaklines or Flixbus) and then from Bratislava to Trnava again you can check connections on www.cp.sk.

If you arrive to Budapest airport, you will take public transport in the city and then either a bus or a train to Bratislava (3 hours, price 15 - 20 eur).

From Bratislava to Trnava you can check connections on www.cp.sk.

If you arrive to Prague airport, you will take public transport in the city and then either a bus or a train to Bratislava (5 hours, price 20 eur +)

From Bratislava to Trnava you can check connections on www.cp.sk.

More details will be provided by email and in facebook group.

YOUR INSURANCE

All participants must have a valid EHIC to travel and attend the project. If not, participants are required to have insurance cover for the entire duration of the project. Insurance is obligatory for your safety and health.

Covid19 REQUIREMENTS:

Participants should preferably hold the Green Pass to come to the project - it is not currently an obligation. An antigenic test prior departure may be required by your country if non-Schengen country (in this case it will be covered under the travel costs allowances per person).

WHAT TO BRING FOR THE PROJECT

- personal hygiene products (shampoo, toothpaste, etc.)
- specific medicines (if you need any)
- personal documents to travel

laptop and/or tablets that serve to work for the project activities (please, do not count only with your smartphones as it will be not sufficient)

- materials and a presentation regarding your Sending Organisations
- some national/local snacks and sweets
- any other item that you consider relevant.

ACCOMMODATION

NA MLYNE TRNAVA, SLOVAKIA

<http://www.namlyne.sk/>
Mlynárska 14, 919 35
Hrnčiarovce nad Parnou

FOOD

Breakfast, lunch, and dinner will be served in the hotel. There will be coffee breaks twice a day. Each participant must inform about diets and intolerances upon arrival. The form will be sent to partner organisations and shared with participants.

To the hotel: Hotel is located behind Trnava, in a picturesque environment in the middle of fields and greenery. You will be accommodated in shared rooms with 3-4 people from mixed countries.
